

STAR-K KOSHER CERTIFICATION

March 6, 2018
19 Adar 5778

Kova LLC
53 Boxwood Drive
Stamford, CT 06906

This is to certify that the KOVA™ WARMING TRAY manufactured by Kova LLC of the above address may be used on the Jewish Sabbath with the following guidelines:

The tray should be placed on the crock pot before Shabbos.

The crock pot must contain food. It can contain water instead of food, but the water needs to be used for drinking.

On Shabbos, only precooked dry foods may be placed on the tray.

Once the tray is removed from the crock pot it should not be replaced on Shabbos.

Before the first use, the tray should be tovelled with a bracha, since it functions as a pot cover.

This certification is valid until February 28, 2019 and is subject to renewal at that time.

Sincerely,

Rabbi Moshe Heinemann
Rabbinic Administrator
